

Christopher Nezman Celebrity Handbag Event March 22-23, 2012 ASC Marietta

This 2-day hands on workshop will be the most creative class you've ever taken with your sewing machine!

Christopher will teach you methods and techniques from his new CD book, "CELEBRITY BAGS". You will learn how to make a high end designer bag using faux leather vinyl.

Learn how to make corded handles, install zippers, faux welt zipper pockets, linings, install purse feet, how to draft your own pattern, make your own tassels and more!

This class is for the student who already knows how to use their sewing machine and has diverse experience in different genres of sewing. A very intense 2 day workshop awaits you! Are you ready to jump to the next level in bag making?

Don't miss this incredible workshop. Seating is limited because of the content of the class and individual attention from Christopher.

When you are finished making this bag, your friends will not be asking you how you made it, they will be asking you, **"Where did you buy that bag?"**
